

DID YOU KNOW?

Cryptocurrency gambling platforms

Problem gambling

1

Did you know... that cryptocurrency-

based gambling platforms represent an emerging and under-regulated domain of concern. These platforms offer anonymity, rapid transactions and access to offshore gambling environments.

Problem gambling

2

Their design often integrates gamified

features that may amplify risk-taking behaviours. Cryptocurrency gambling is closely aligned with digital cultures familiar to young men, including gaming and online trading.

3

Regulatory safeguards common in

UK gambling environments are frequently absent. Empirical evidence remains limited, but early findings raise important public health questions.

DID YOU KNOW?

Problem gambling

4

The pace of technological

development has outstripped research and policy responses. Independent investigation and regulatory attention are urgently needed.
