

Glasgow's Healthier Future Forum 5

Tuesday 19 June '07

Welcome and Introduction

Carol Tannahill

Director

Glasgow Centre for Population Health

Forum

“A gathering
for the purpose of discussion”

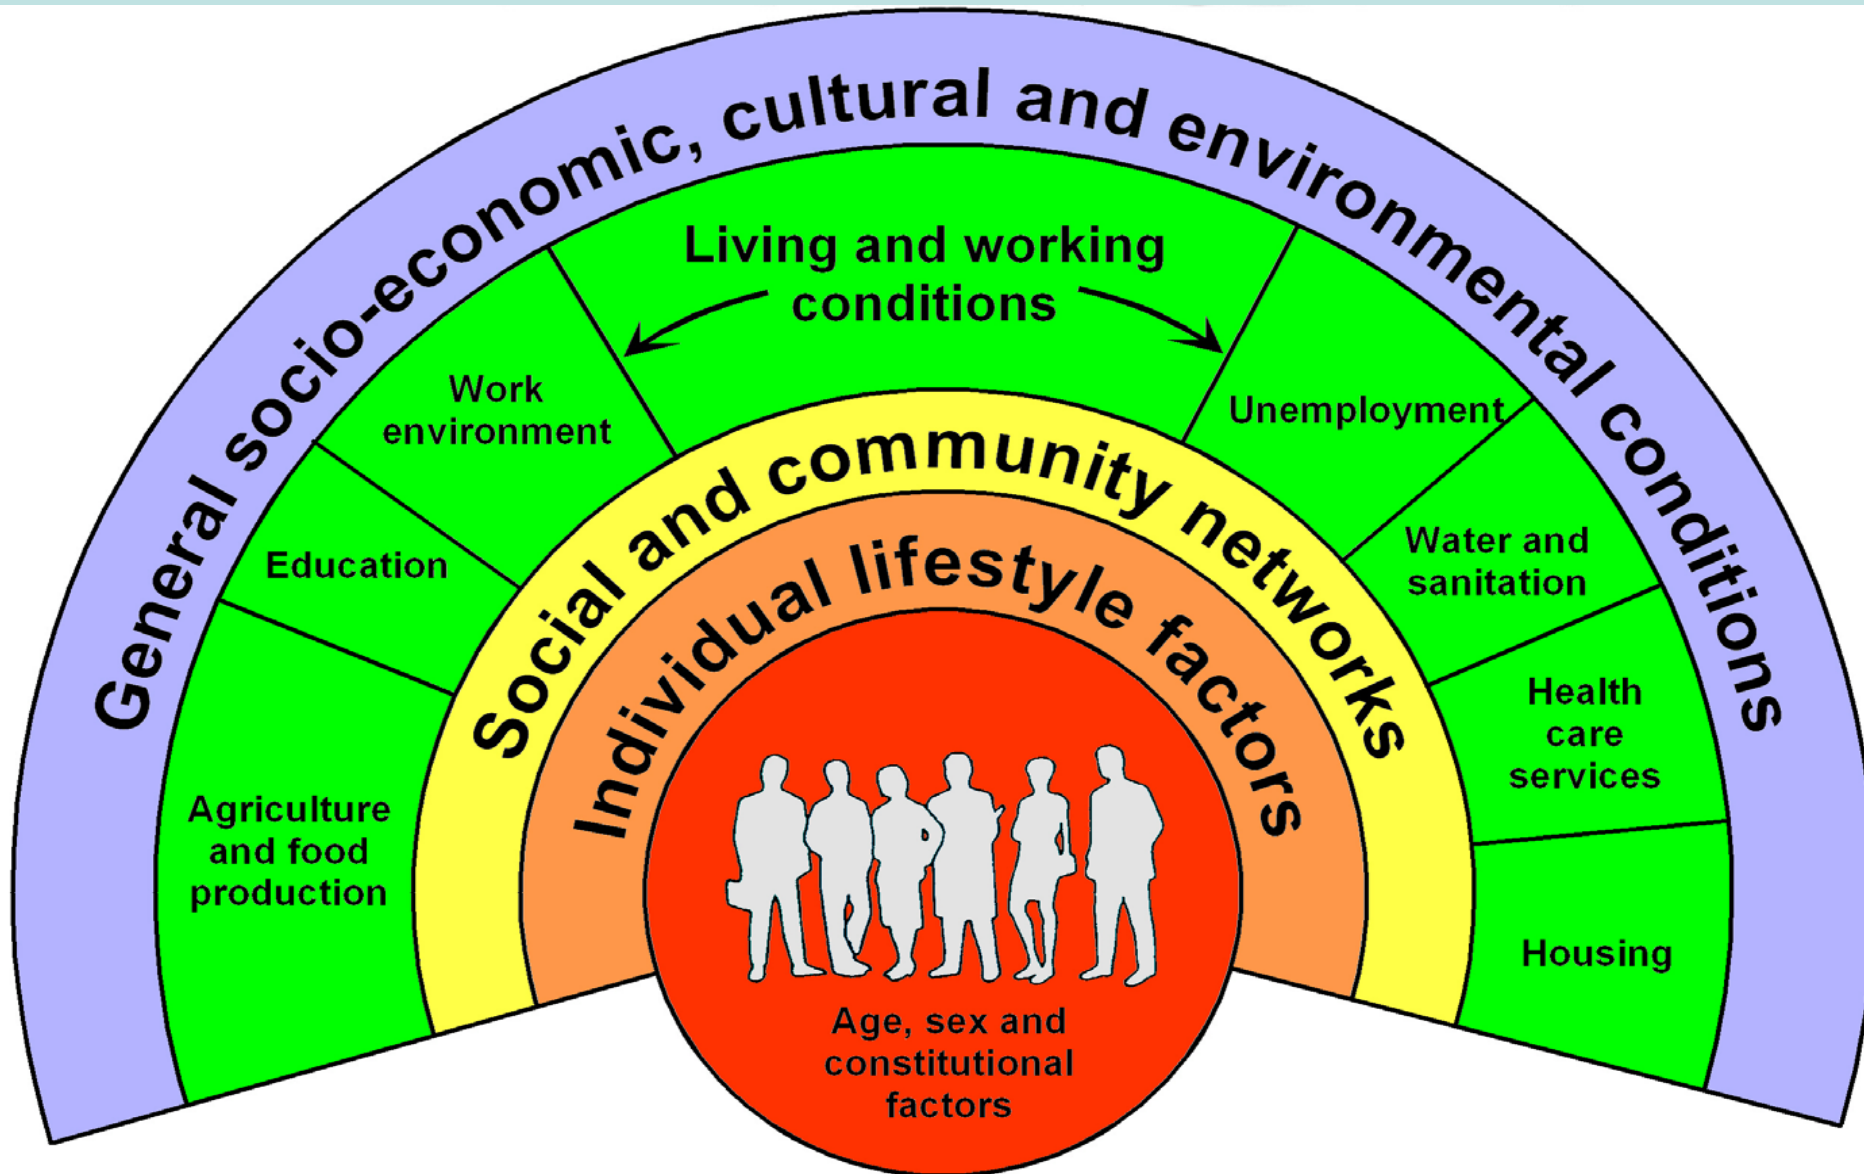

...involving a panel of presenters

...and often participation by members of
the audience

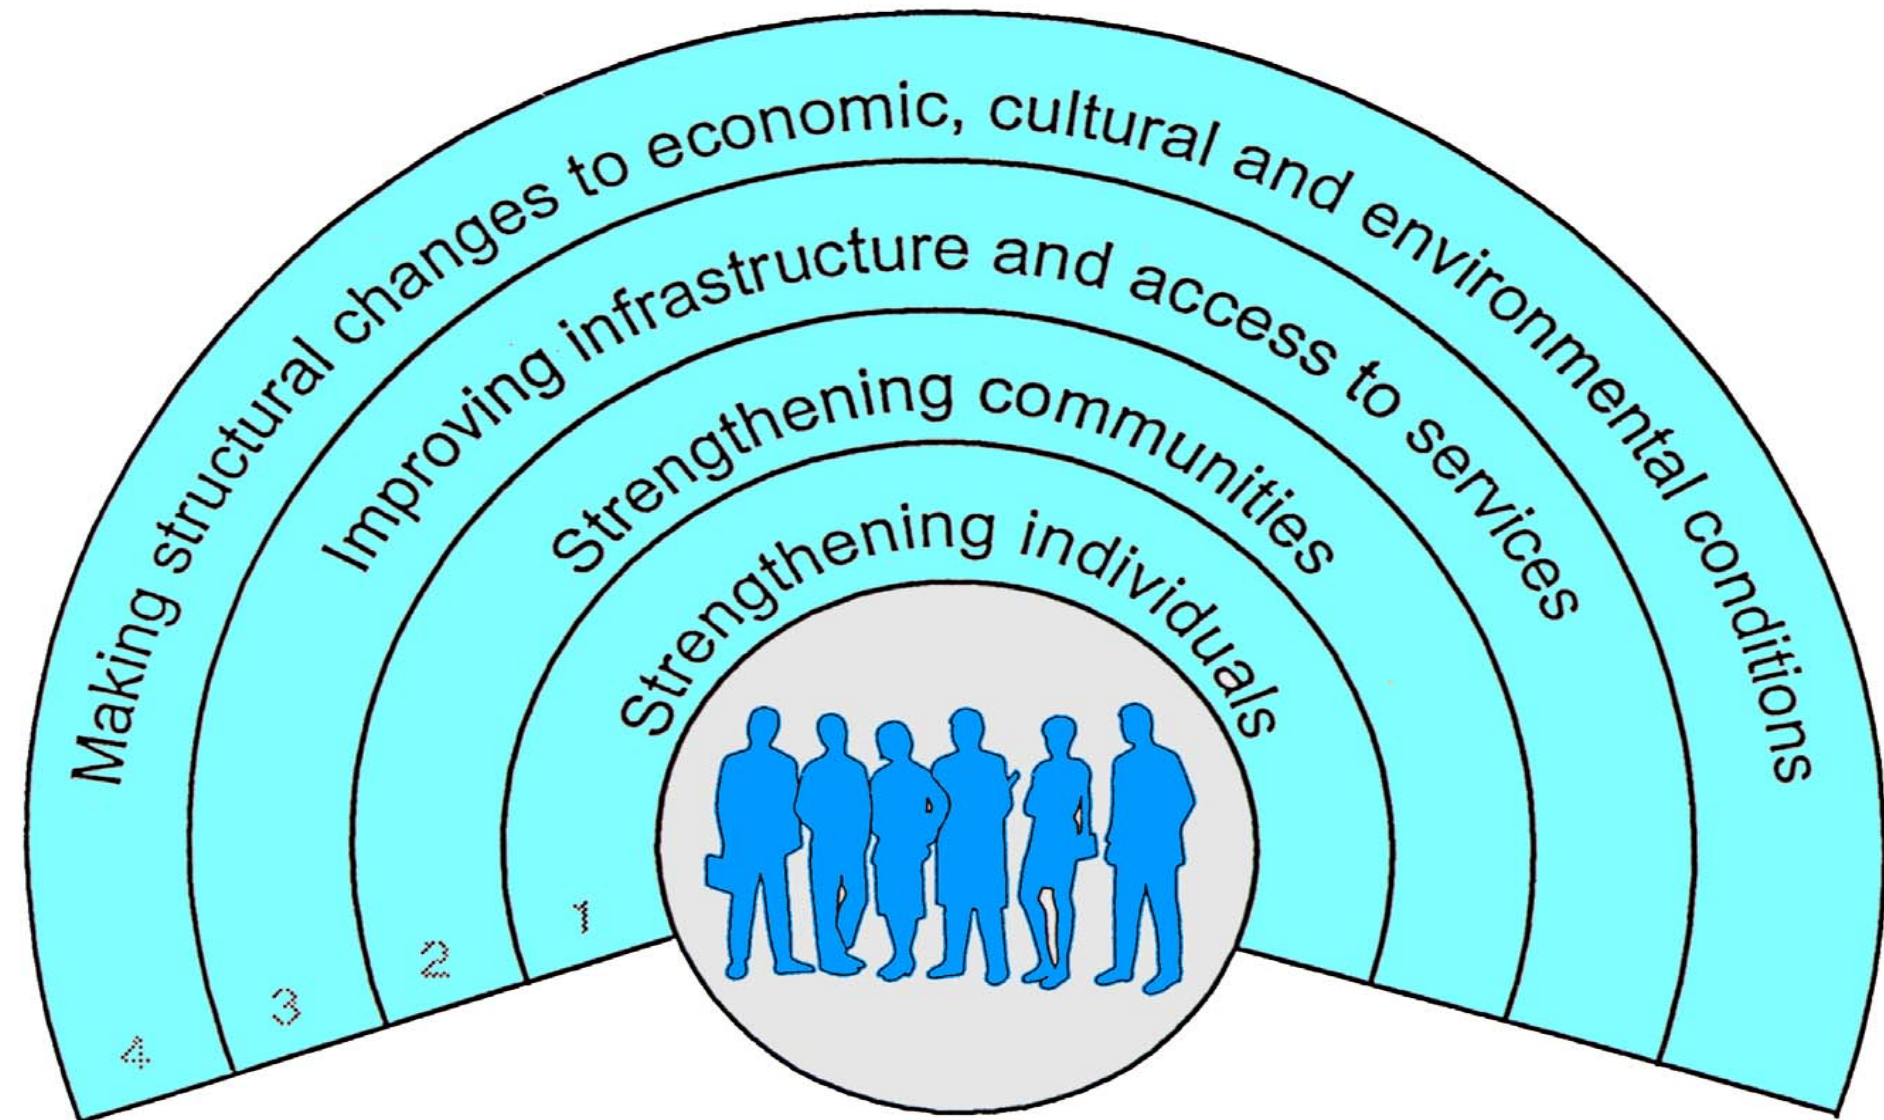

Aims

- To provide a 'point in time' description of SOME of the work of the GCPH
- To draw out emergent 'findings'
- To consider implications – for you and yours
- To obtain feedback to inform our work

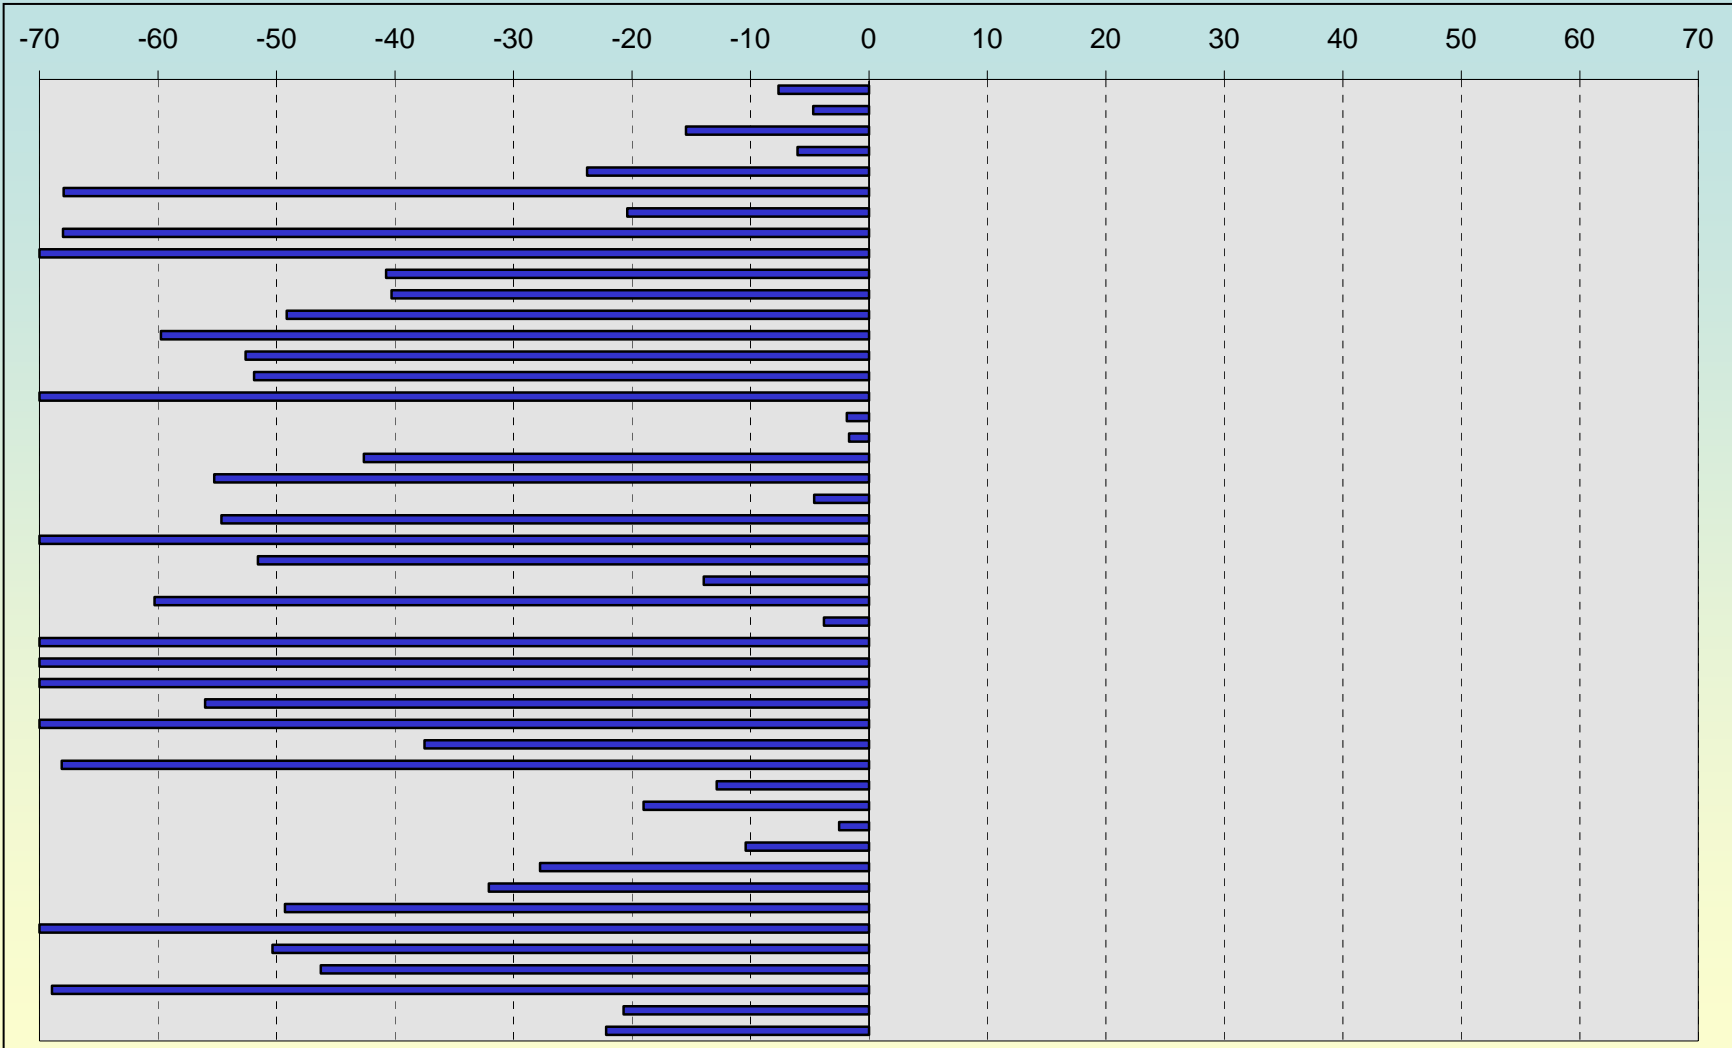

The main determinants of health

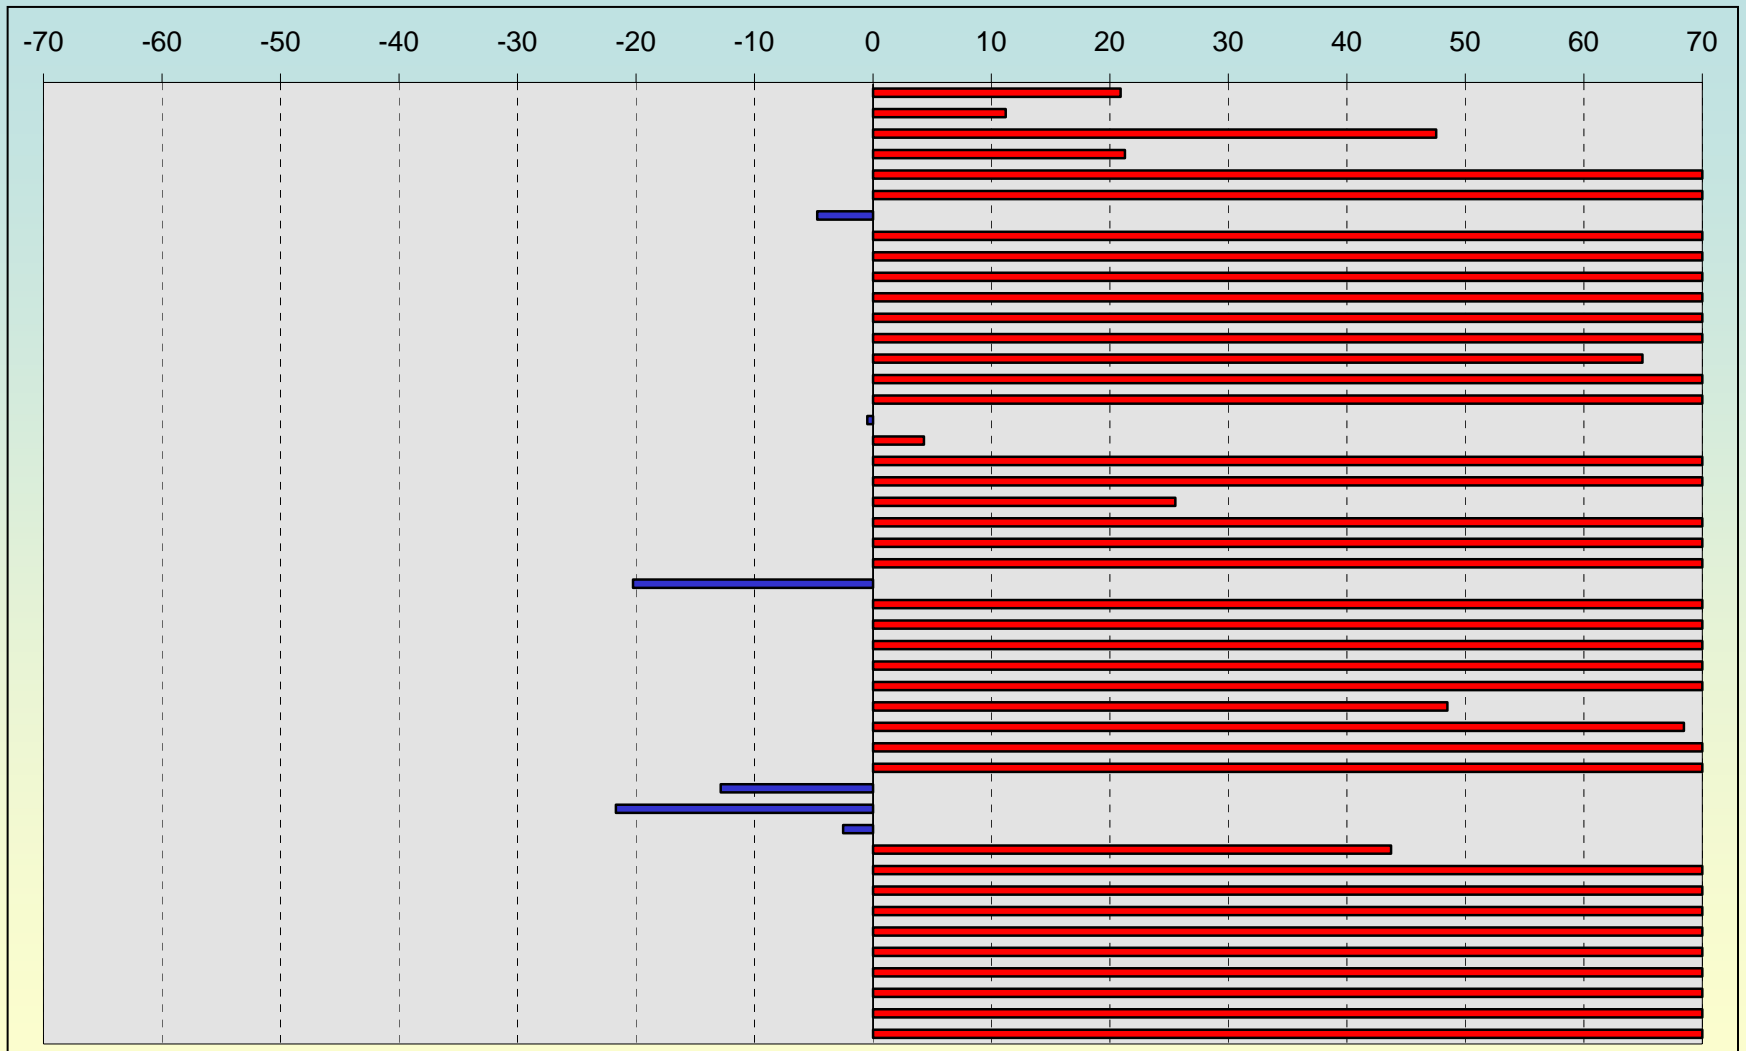

Policy Levels for Tackling Inequalities in Health

Newton Mearns – G77 5

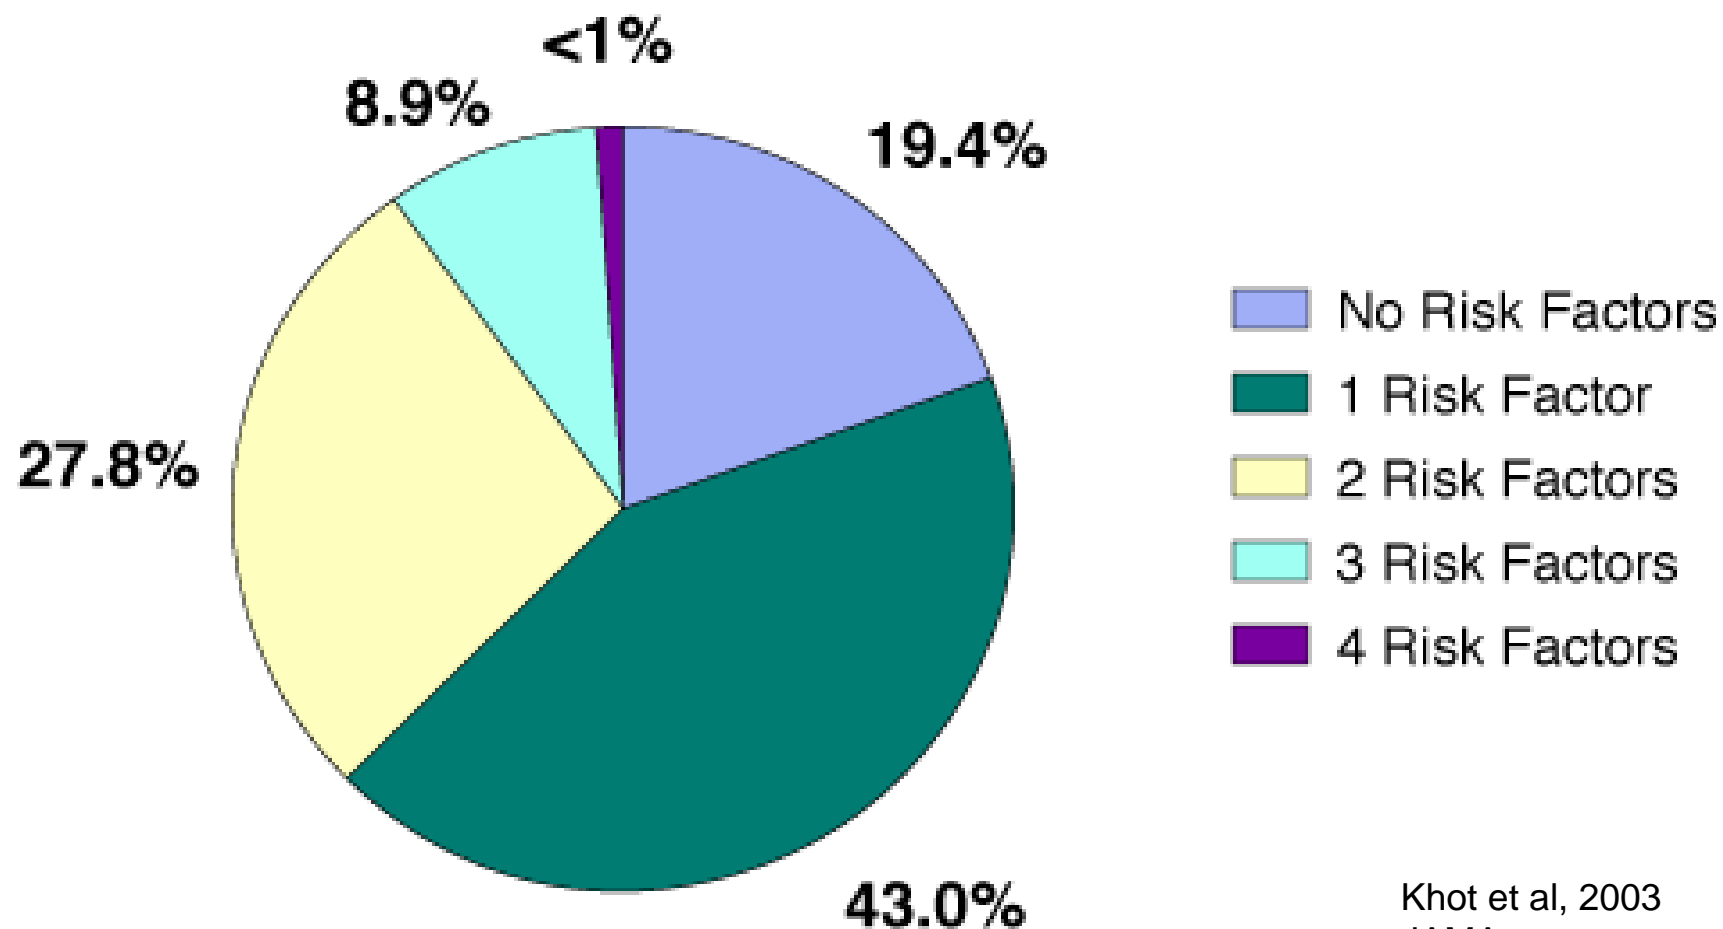

Dalmarnock – G40 4

Prevalence of Conventional Risk Factors in Men with Coronary Heart Disease

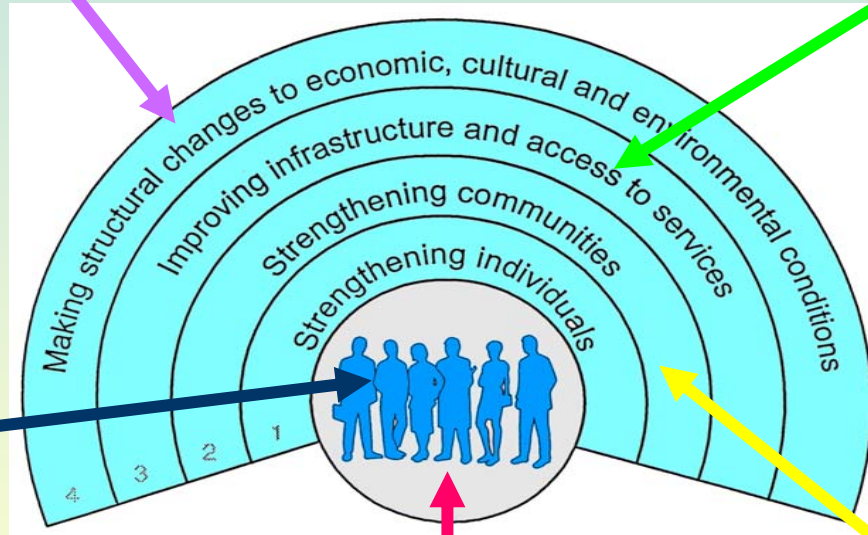

(n=87,869)

Policy Levels for Tackling Inequalities in Health

Macro-level effects
21st century living

Services: access
and beyond
Living conditions

Complexity
of causal
explanation

Lay perspectives

Not fixed

Intergenerational
effects

Social imprinting

Social and community
influences

Things to consider

- From or to and
- From negative to positive
- What do we still need to know?
- How can we best use what we know to create a Healthier Future?
- Have a good time.
